

EVEREDE TOOL COMPANY

Indexable tooling since 1932

2017 1st Quarter Promos

January 1st thru February 28th

THREE UNIQUE PRODUCT LINES AVAILABLE FROM EVEREDE TOOL COMPANY

Indexable Mini Set (Holder With Inserts)

Save Big 25% Off

Features >>>

- Benefiting from the specially ground dual-flute insert and optimized coating, higher feed rates and cutting speeds can be achieved on chamfering operations.
- Each insert has 4 cutting edges, reducing cost of inserts.
- Fine edge honing cutting edges, good chip breaking condition and long tool life.
- C70 holder has (2) flutes
- C20 holder has (4) flutes

Inserts >>>

- Max Chamfering .06P
- NC2022 - K20F grade, ATIN coated. The 1st choice for high carbon, High alloy and hardened steels as well as cast iron.
- NC2071 - K20F grade, TiN coated, high positive rake angle and honed sharp edge. The best choice for low carbon steel, low carbon alloy steel, stainless steel, Al, Al alloy, Brass, Bronze and most of the non-ferrous metal.

ULTRAMINI

ULTRAMINI PROMO KIT = \$384⁹⁹ \$250⁰⁰

Benefits of the Ultramini System

- Sharpest cutting edge in the industry - Longer tool life
- Reduced cutting forces
- Exists in Medical and Aerospace materials
- Extremely repeatable
- .0004" Axial and Radial repeatability
- Precision ground shanks
- 3 insert clamping screws
- Distinct advantages
- Coated channel in the shank
- 2 holders accommodate 100% of inserts
- Holder prices are more economical than competitors
