Tested Trusted Most Productive

The Original **MultiTAP™**

Since Emuge introduced MultiTAP, the industry's first high-performance multi-purpose tap, imitators are trying to follow. But MultiTAP users know what works best.

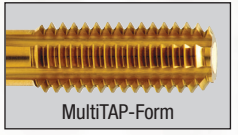

MultiTAP is the ONE.

"We tested MultiTAP and had great results. With less downtime and tap replacement, it offers significant cost savings."

"After weeks of testing, MultiTAP scored highest in performance and tool life. It is the truest general purpose tap available."

"MultiTAP is the most productive tool we have. After 700 holes in A572 plate grade 50, the tap looked new."
