

BLACKGOLD

PERFORMANCE CUTTING TOOLS

High output. Peak efficiency.

- 137° split point penetrates material surface on contact
- Aggressive web taper prevents breakage
- Shorter, stronger cutting lip for easier drilling and longer life
- Heavy taper with narrow lip for faster starts
- Engineered for less torque and lightens operator load
- Industrial-grade NAS High Speed Steel

BlackGold Set pictured

Engineered to perfection.

True high performance industrial cutting tools integrate design, functionality and efficiency. The RMT BlackGold Series is a result of meticulous engineering and technologically advanced CNC machining.

Built for performance.

As part of the RMT Peak Performance strategy, the BlackGold Series is systematically designed for aggressive cutting dynamics while at the same time delivering smoother operation and longer tool life. Drill through the toughest materials with speed, accuracy and ease.

29-pc. Jobber Length Sets

BRIGHT

PART# 95090840 | 118° Point
1/16" to 1/2"

Special \$59.95

BLACK OXIDE

PART# 95090841 | 118° Point
1/16" to 1/2"

Special \$60.59

BLACKGOLD

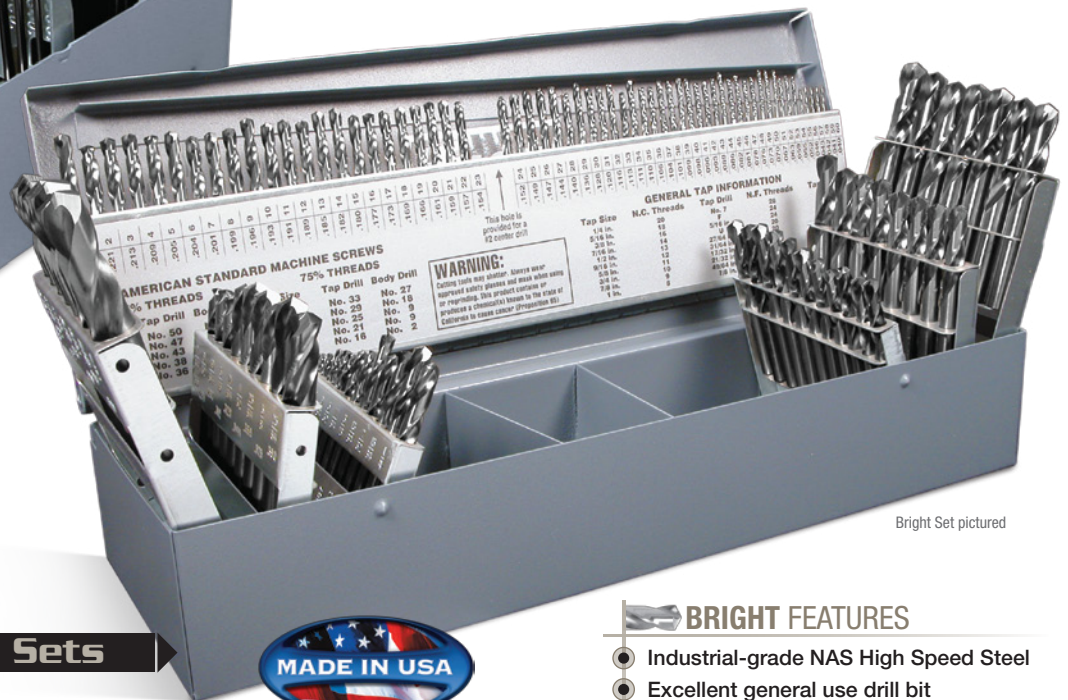

PART# 95090845 | 137° Split Point
1/16" to 1/2"

Special \$67.98

COBALT

PART# 95090844 | 135° Split Point
1/16" to 1/2"

Special \$77.12

Bright Set pictured

115-pc. Jobber Length Sets

BRIGHT

PART# 95090860 | 118° Point
1/16" to 1/2" | A-Z | #1-#60

Special \$185.85

BLACK OXIDE

PART# 95090861 | 135° Point
1/16" to 1/2" | A-Z | #1-#60

Special \$194.89

COBALT

PART# 95090874 | 135° Split Point
1/16" to 1/2" | A-Z | #1-#60

Special \$256.84

BRIGHT FEATURES

- Industrial-grade NAS High Speed Steel
- Excellent general use drill bit
- Precision CNC machined for faster, more efficient chip removal, longer life and performance

**Call today for true quality,
pride of American-made cutting tools.**

**Best-in-class performance.
Superior quality. And more value.**

Leading the industry in cutting tool performance doesn't happen by chance. It requires utilizing innovative state-of-the-art CNC technology and experienced RMT technicians committed to nothing but excellence.

29-pc. Screw Machine Sets

BLACK OXIDE

PART# 95090875 | 135° Split Point
1/16" to 1/2"

Special \$62.35

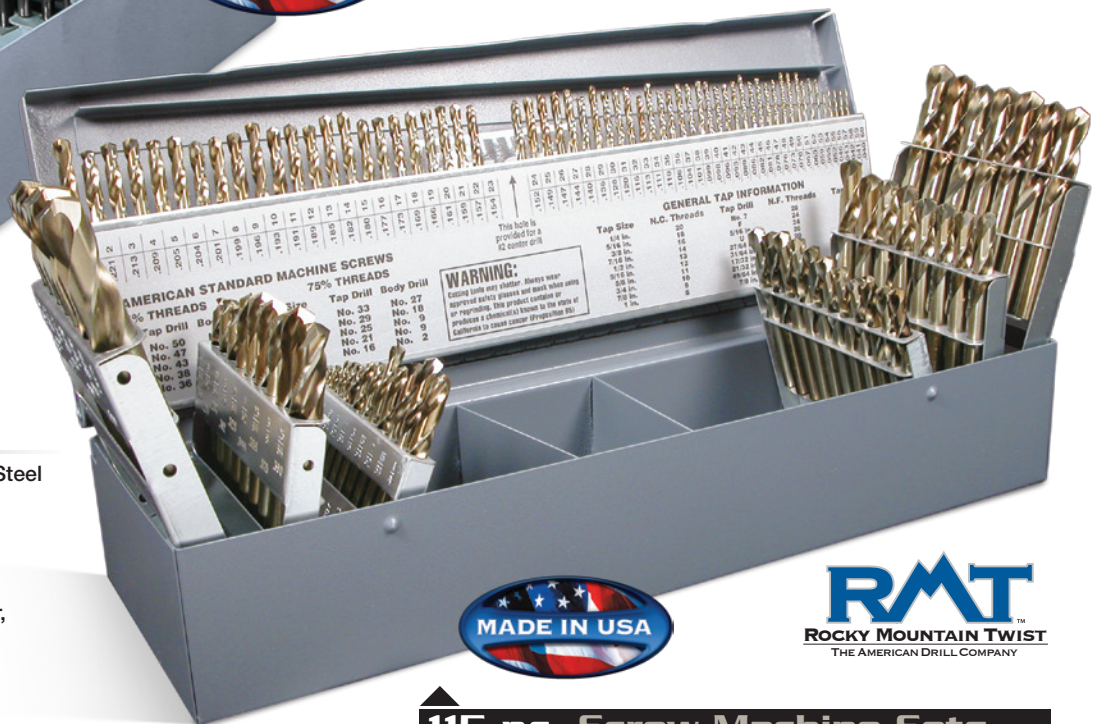

COBALT

PART# 95090877 | 135° Split Point
1/16" to 1/2"

Special \$72.23

BLACK OXIDE FEATURES

- Industrial-grade NAS High Speed Steel
- Surface treated for corrosion resistance and increased lubricity
- Ideal for drilling in various types of metals
- 135° split point penetrates material surface on contact
- Precision CNC machined for faster, more efficient chip removal, longer life and performance

Cobalt Set pictured

COBALT FEATURES

- Industrial-grade NAS Cobalt M42 Steel
- Superior red hardness for high temperature applications
- 135° split point penetrates material surface on contact
- Precision CNC machined for faster, more efficient chip removal, longer life and performance

115-pc. Screw Machine Sets

BLACK OXIDE

PART# 95090882 | 135° Split Point
1/16" to 1/2" | A-Z | #1-#60

Special \$206.15

COBALT

PART# 95090880 | 135° Split Point
1/16" to 1/2" | A-Z | #1-#60

Special \$235.02
